ASKS FOR WATCHMAN.
Mayor Dunn Requests President Elliott For Later Protection at Crossing.

Mayor Daniel D. Dunn on Thursday wrote to President Howard Elliott of the New Haven system, requesting that a watchman be kept at the Main Street crossing after ten o'clock at night. The man on duty there leaves at that hour, and there is none to guard the crossing. This crossing is on the main traveled road from Hartford to New London, and with the new Adams Express and mail trains, and the switching done late in the evening, the place is dangerous for foot passengers after ten o'clock, and especially so for through traffic by auto or otherwise. The New Haven officials to take steps to protect the crossing at least as long as present train conditions continue.

Rain-in-the-Face Addresses Pupils.
In the assembly room at Nathan's school, Thursday morning the pupils listened to an instructive and helpful talk by Chief Rain-in-the-Face, a Cherokee Indian, who is a student in a Baltimore institution at present. The speaker talked of his own efforts to study and told in an interesting manner many facts about his life and the life of the Indians in general. He emphasized the necessity of every boy taking good care of his body and his morals. Chief Rain-in-the-Face stated that good health was secured by plenty of outdoor exercise, plenty of food, and by abstaining from sweets and heavy food. Truth, and honesty, even in the smallest things in life he considered the earmarks of upright youth.

The speaker closed with a reference to the missionary work he is planning to do among his own people, on his return to his home.

BRONCHITIS SUFFERER
Cured by a Simple Remedy.

Columbus, Ga. "I am telling everybody what Vinol has done for my system. I had a bronchial cough, my system was run-down and I felt sure he would die. His father insisted on his trying Vinol, and I am thankful he did because it cured his cough and built him up. My doctor highly recommends it and said he could not take anything better." Mrs. Thomas Monk.

Vinol, you know, contains the real cod liver curative extract together with peptonate of iron, and beef-peptonate, all entirely free from the blood and conveys to the system the vital elements necessary to strengthen the body and throw off the disease. That is the reason it was so successful in Mr. Monk's case.

Anyone in Norwalk who has bronchitis, a chronic cough or needs building up may try a bottle of Vinol with the understanding that his money will be returned if he is not satisfied. G. G. Engler, Broadway Pharmacy.

ACKNOWLEDGES CAME.
David Hale Fanning Acknowledges Gift of School Children.

Francis J. Brown has received a letter from David Hale Fanning of Worcester thanking the school children for the gift of a book recently sent him. Master Brown was the boy selected to write the letter. Following is a copy of the letter:

My Dear Young Sir:
I am in receipt of your very welcome letter of Jan. 10, telling me of the beautiful and appropriate gift of a cane, presented by the pupils of the Jewett City school, and I want to thank them all, and especially for their kindness in remembering me at this time. I shall treasure this gift as long as I live.

The fact that the cane was made from lumber taken from the old Congregational church, which lumber was part of a cargo which Charles Fanning ran the blockade with in New London harbor, in 1812, makes it doubly interesting and
